PROFESSIONAL EXPERIENCE

Coder Foundry, Web Software Engineer

Remote · September 2020 – December 2020

- Created two primary projects, including:
  1. A portfolio and blog site using C#, MVC, HTML5, CSS3, Bootstrap, JS & jQuery.
  2. Fully designed and developed a multi-functional issue tracker web application, implementing enhanced roles & security, including a Code-First relational database designed and modeled in PostgreSQL. Technologies used include: .Net Core v3.1, MVC6, C#, LINQ, PostgreSQL, Entity Framework, Docker, PgAdmin, Heroku and jQuery DataTables.

United Postal Service, Outbound Sort Supervisor

Lafayette, IN · August 2019 – October 2020

- Responsible for managing the outbound sort by verifying packages are sorted accurately and loaded onto appropriate trailers for movement to next location. Communicated daily with other facilities & dispatch offices to ensure necessary equipment and trailer drivers are supplied.
- Ensured outbound sort employees received specific and detailed orientation, skills and safety training, appropriate materials and information, regular evaluations, and pro-active training to support their development.
- Conducted regular performance evaluations using company software/data resources to improve output, accuracy, and efficiency.

MJ Multimedia, Video Production Consultant

Brookston, IN · May 2015 – September 2020

- Delivered consulting services for client interviews, video editing, and motion graphics.
- Directed or participated with cohesive teams to complete short films, video contest entries, wedding videos, and promotional videos for local business owners.
